**Welcome to The Beverly Hills Carmel - Elegant, Retirement Living Communities**

## **FOR IMMEDIATE RELEASE**

**LOS ANGELES** -- For over 30 years, The Beverly Hills Carmel has been a family-owned business that takes pride in the services and accommodations we provide. In fact one of our founders, Mrs. Eva Godel, was a driving force behind establishing these buildings; and to this day, can be seen on-site to ensure a level of service consistent with her original goal of providing truly elegant retirement living. From the kosher menu to the lovely living rooms and courtyard, many personalized touches welcome our residents.

Since 1978, we have offered a great alternative for seniors who may need additional assistance with their daily routines, medication management, bathing and dressing or personal hygiene; but do not require the intensive services of a skilled nursing facility. With the assistance of our experienced healthcare staff, our residents enjoy leisure living in comfortable, home-like surroundings.

Our dedicated professionals are always available, they truly care about our seniors; everyone of them passionate about their individual needs and quality of life. To ensure our resident's safety and well being, The Beverly Hills Carmel only employs the very best certified nursing assistance -- 24 hours a day, seven days a week! In addition, each apartment is equipped with an emergency call system to notify the staff immediately when assistance is needed.

**Beverly Hills Carmel North.** This beautiful, redbrick, four-story building was built in 1978 and welcomes residents with an elegant, old world charm. The lobby's fresh flowers, attractive artwork, and oak accents are reminiscent of the sophistication found at a 5-star hotel. This warm community features 79 apartments and shares a wonderful family charm that is felt by all that enter.

**Beverly Hills Carmel South.** A burgundy awning and large glass windows that look out onto Burton Way welcome guests who visit this beautiful, light stucco building. Mature trees and shrubs with planters that enhance the appeal of the location surround the building. Entry into our South building features a striking chandelier beneath an expansive ceiling, soft lighting and a friendly visiting area. This gracious community features 110 apartments and round-the-clock concierge service.
