

The Beverly Hills Carmel

Elegant Retirement Living

FOR IMMEDIATE RELEASE

The Beverly Hills Carmel –A Retirement Community with a Rich History

Los Angeles, CA - When it comes to the selection of a retirement community, The Beverly Hills Carmel is one of the best-kept secrets in the Los Angeles area. Comprised of two buildings situated across the street from one another in a beautiful, tree-lined neighborhood on Burton Way at the entrance to Beverly Hills, both buildings welcome residents and guests into the atmosphere of an exclusive upscale hotel. Our communities have gone through a recent renovation that carries the same sophisticated décor throughout.

For over 30 years, The Beverly Hills Carmel has been a family-owned business that takes great pride in our service and accommodation. In fact one of our founders, Mrs. Eva Godel, was a driving force behind establishing these buildings and, to this day, can be found on-site to ensure a consistent level of service in keeping with her original goal of providing truly elegant retirement living. She has infused the buildings with a sense of community for residents who seek a place of comfort. In fact, home cooked meals are just one of the many personalized touches that welcome residents. The menus, still supervised by Mrs. Godel, include many of her very own traditional family recipes. There is a history of a fine level of service here, as superior as it was the day the first building opened in 1978.

Among the benefits of living at The Beverly Hills Carmel, include its proximity to world-class healthcare at Cedars Sinai Medical Center, UCLA and The Rehabilitation Centre of Beverly Hills, all of which are just blocks away. Both buildings are also just around the corner from trendy Robertson Boulevard, which features the most exclusive restaurants and fashion shops in the city. Nearby the Beverly Center and The Grove, as well as the Beverly Hills Library, the LA County Museum and the Farmers Market give residents a wide range of cultural opportunities.

Residents choose the type of unit that fits their lifestyle and their budget from a variety of floor plans. The Beverly Hills Carmel offers a continuum of care, from independent to assisted living. Our trained and caring staff provide as little or as much assistance as is needed including support services, medication monitoring, personal hygiene and more.

Elegant living is just around the corner, at The Beverly Hills Carmel.
